

# A simple solution for a smarter office

## Introducing Joan 13

### Smart. Slick. Seamless.

The elegant design of our 13-inch model fits into any office. Built to be a versatile information board, Joan 13 showcases information based on your needs. Although ideal for finding and scheduling, the device can also be applied in areas such as hospitality, wayfinding or transportation.

#### Works with

Seamlessly connects to Wi-Fi.

Supports standard company calendars.

Cordless installation on any surface with a Magnetic Mount.

99% more power efficient than LCD and a battery life measured in months.

#### What Joan 13 can do for you

Eliminate time and space wasters by delivering scheduling and wayfinding information. Real-time, and sustainable, Joan will help you improve three essential workplace transformation areas.

#### Scheduling & Finding

Never wonder if a conference room is empty. Joan displays a room's status, basic meeting information, as well as the next and subsequent meetings taking place in the same room.

#### Office Experience

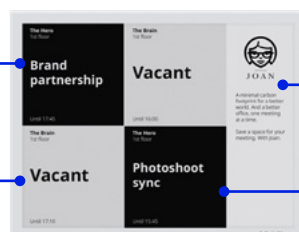

Joan integrates into your office. Showcase your branding, change the language displayed, or replace Joan's standard functionalities with custom information.

#### Office Efficiency

Take control of your office and stop squandering resources. Joan detects and eliminates any unattended meetings, freeing up space and saving unnecessary rental costs.

See key meeting information

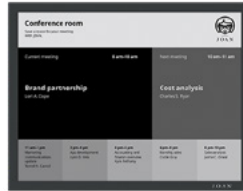

See room status indicated in black (occupied) or white (vacant)

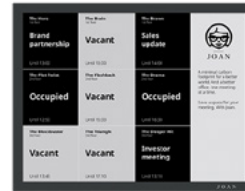

Reflect your brand and customize the device with your logo and a custom message
